

E-Image Accessories

E-Image manufactures a range of accessories, bringing the same high level of quality and remarkable value.

Ei-7005 Heavy Duty Dolly

E-image dollies accommodate a variety of tripods, turning your static system into one that moves. Flexible yet sturdy, they're equally suited to studio or location.

- Unique brake system for control of motion and rapid stops
- Durable Aluminum alloy, and equipped with carrying handle

E-Image Carbon Monopod

This carbon fibre monopod provides a stable shooting platform in the field and studio. Features a sturdy strap for easy carrying, with four sections allowing for maximum height of 168 cm (5.5 ft). Supports up to 15 kg.

Ei-7500 Baby Tripod

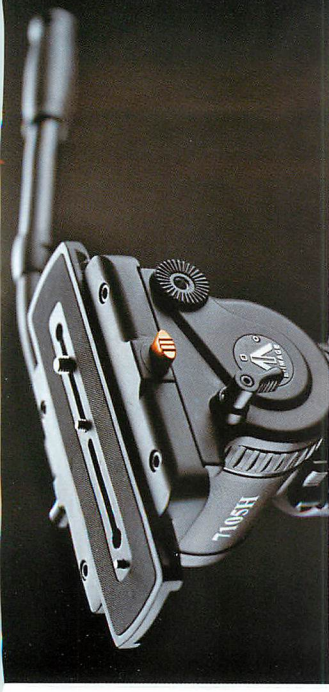

Small Aluminum (Hi-Hat)

Aluminum construction, specially developed for low angle shots or for shooting in awkward areas. Switching bowl size of 75 and 100mm accommodates various kinds of tripod heads.

Ei-7001 Ground Spreader

Helps lock legs firmly into position

Oscar Shoulder Bags

E-Image Oscar bags are ergonomically designed for video use, and built using tough, durable materials such as waterproof 1860D nylon. Large pocket openings with waterproof zippers ensure equipment stays dry. Shoulder straps adjust fully to disperse weight evenly. Soft handle and shoulder padding provides comfort.

Oscar B-10 Backpack

Includes pockets for monopod, tripod and laptop. Comfortable to carry, with removable interior dividers and tripod pouch. Built with rugged, waterproof 1680 nylon.

Oscar Tripod Bags

Large pocket opening provide easy access. Ergonomic design delivers comfort.

Gnigami is the exclusive Canadian importer and distributor of E-Image products.
